## Just a Few Highlights From a Month Full of Fun

## What's Happening at Green Acres

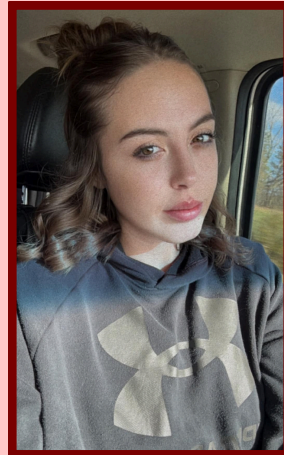

It is with great sadness that I have to announce that I will be leaving Green Acres as the Administrator, but will be available during this transition in the new year. I have been so grateful for all the people that I have met and the opportunities that I have been given. Green Acres has not been just a job to me but it IS my family so this decision has not been an easy decision for me. Even though change can be hard, I am very confident in my replacement and know I am leaving you all in good hands. Thank you all for your love and support. Jill Gilbert

My name is Janelle Baldwin. I began my journey at Green Acres as a Direct Care Worker 8 years ago. Then I became the Resident Care Coordinator Assistant for a year. When the Home Manager position became available I applied for that, and was so happy to serve in that position for a year. Now, I am excited to announce that I have recently accepted the position as Administrator. Green Acres is more than a job to me, it is my family. I look forward to continuing to work with you all as I learn and grow in this new Administrator position.

## EMPLOYEE OF THE MONTH: NATASHA LYTLE

Natasha graduated from Chippewa Hills Highschool. She lives in Mt. Pleasant with her two children and her boyfriend. Recently, she was accepted into Nursing School and will begin her classes in January. She loves working here at Green Acres because she gets to hear so many amazing stories and learn from the life experiences of those she cares for. Natasha also really likes that she can make a difference in their lives, whether through companionship, helping with daily tasks, or just being there to listen. To her, it's like gaining a bunch of wise friends. Once she graduates her goal is to move to a bigger city where she can meet new people and explore new career paths. **We're so happy that Natasha has joined our family and enjoys spending time with everyone so much. She is a wonderful asset to all.**
